## Experience

### Freelance - Developer

2017 - Present

- Developed a custom quality control application built on Laravel.
- Developed multiple small and mid-sized custom websites using various technologies, including WordPress, NextJS, Shopify, HubSpot, and Drupal.
- Built and maintained multiple informational websites for a non-profit organization.
- Built a survey system that pushed results from WordPress into Google Looker Studio.
- Configured mailing lists using MailChimp and MailerLite.
- Performed SEO audits and implementation plans.

### Rebel Interactive Group - Sr. Developer

July 2019 - May 2024

- Developed and maintained websites using platforms such as WordPress, 11ty, Gatsby, and Nextjs.
- Developed custom e-commerce solutions using WooCommerce, Shopify, and using the Stripe API.
- Planned, strategized, and developed a suite of 4 internal applications using React, NodeJS, and MongoDB.
- Led development on multiple large-scale university websites.
- Custom WordPress development using tools such as Gutenberg, ACF, FacetWP, Gravity Forms, and The Events Calendar.
- Ensured WCAG 2.1 standards were met on all sites, which required accessibility compliance.

### StromTec LLC - Marketing Manager

November 2013 - July 2019

- Built and maintained the company website using WordPress and WooCommerce.
- Maintained our old Paradox repair application and eventually rebuilt it in MS Access.
- Managed company marketing efforts using Google Ads and Google Shopping.
- Tested and diagnosed ultrasonic tanks, piezo-electric power supplies, and control boards.
- Handled Accounts Receivable

## Qualifications

- Deep understanding of the entire website build process from initial discovery through design and development.
  - Strong knowledge of SEO best practices and WCAG 2.1 standards.
  - Ability to troubleshoot and quickly solve issues as they arise.
  - Sound knowledge of the programming languages involved.
  - Great communication skills.
  - Ability to learn new languages, platforms, and procedures quickly with minimal need for guidance.
  - Familiarity with Windows, Mac, and Linux operating systems.
-
